TEMPERATURE HUMIDITY METERS

● A12T

● A13T

A12T/13T measures real-time temperature and humidity and display readings on a large screen. These can be used for both indoor and outdoor measurements. A12T has an additional external sensor probe for measuring temperatures of two locations. Both of these meters have alarm clock and 12/24 time mode. A12T displays comfort rating based on the combination of temperature and humidity. Hanging hole and stand are available for wall or table mount.

Applications: Labs, offices, hotels, schools, factories, meeting rooms, airports, pharmacies, warehouses, restaurants, greenhouses, nurseries, gardens, homes, shopping malls, museums, animal husbandry, and more.
